

ELASTACK®

DECORATIVE WINDOW FILMS

ELASTACK® DECORATIVE WINDOW FILMS

Mylan Optoelectronics offers ELASTACK® Decorative Window Films as a modern and stylish solution for enhancing privacy and interior design. ELASTACK® Decorative Window Films are a cost effective alternative to curtains or blinds, and add light and aesthetic appeal to work and living spaces.

Made of transparent BOPET film designed in an array of colors and patterns using flexoprinting, ELASTACK® Decorative Window Films offer more options for creating a functional yet beautiful space. Easy to install, these films are designed for use on interior glass partitions, exterior windows, and a host of other applications. In addition to enhancing privacy in homes, offices, and commercial spaces, ELASTACK® Decorative Window Films add art and design to any environment.
